

Two Men Rob Cunot Grocery At Gunpoint

An armed robbery occurred at the west edge of Cunot, in Owen County, at 6:45 p.m. Tuesday, the Putnamville State Police Post reported this morning.

According to the police, two white male subjects entered Chuck's Corner Grocery about 6:30 p.m.

They then left but returned in a few minutes. One man, armed with a blue steel small caliber automatic pistol ordered the four people in the store to lay down on the floor with their faces to the floor.

Police said the men took \$78 in cash out of the register and also two cartons of cigarettes.

When they left a vehicle was heard traveling east on Ind. 42.

One man was described as about 5 feet, four inches tall, with long black curly hair.

The other man was described approximately 5 feet, six inches tall with long blond curly hair.

Troopers Gary Salsman, Tom Strader, Charles Raridon and Lanny Fields were dispatched to the scene but they reported no trace of the robbers after a careful search of the area.

Congressman John Myers confers with his constituents at a recent Savings and Loan Legislative Conference in Washington. With Congressman Myers is Ernest H. Collins second from left, chairman of the board of Greencastle Federal Savings and Loan Association; Arch Dunbar, president of Wabash Federal Savings and Loan Association in Terre Haute and Dr. Arthur Weimer, former head of the Indiana University School of Business, and now head of the Washington office of the U.S. League of Savings Associations.

Federal Mandate Drives School Lunch Costs Up

The federally-mandated increase in the minimum wage will mean that school lunches will have to cost more, Superintendent Frank Ross told the Greencastle School board last night.

Ross explained that the effects of the wage law would be reflected in the cafeteria system. While the law will become effective May 1, no increase in lunch prices is contemplated before the coming school year.

In other school business, Dale Shoup was appointed to represent the board as a member of the Put-

nam County Tax Adjustment Board. Mrs. Emaline Henry was re-appointed as a member of the library board and the resignation of custodian Walter Baynard, for health reasons, was accepted.

Ross announced that the Joint Special Education Board is now in the process of employing a successor to Fred Brooks, psychometrist, who is retiring. It was also announced that Mrs. Karen Stwalley, who has been on leave of absence, will return to teaching this fall.

A request from American Field Services International Scholarships

to have the Greencastle School participate in an exchange student program was again brought before the board. Earlier this had been turned down because of the cost factor.

Ross said he had been approached with the proposition that if the cost could be assumed by some organization outside the school would the school accept the program. Board approval was given subject to this change.

Schuller Steps To Podium Tonight To Lead Musicians In Third Stream Selections

Distinguished composer-conductor Gunther Schuller will step to the podium tonight to put two DePauw University concert ensembles through their musical paces.

Schuller's appearance tonight at 8:15 p.m. in Meharry Hall and his opening lecture last night come in conjunction with DePauw's twelfth annual Festival of Contemporary Music which continues through tomorrow.

Tonight's free public concert opens with four of Schuller's third stream compositions performed by an undergraduate chamber music ensemble from the DePauw School of Music.

President of the New England Conservatory of Music, Schuller has said that people today "live in an era of music synthesis—a synthesis which is attempting to bring together the various stylistic

revolutions . . . (of) the first decades of our century."

Hence, his "third stream" music mixes elements of avant-garde jazz and contemporary classical music that provides first-time listeners what some have called "an exciting new experience in music."

The four selections the chamber ensemble will play

include "Night Music," "Conversations," "Densities I," and "Twelve by Eleven." Conversations was composed for the Modern Jazz Quartet and has been recorded by that group as well as the Beaux Arts String Quartet.

Three compositions will be performed by the DePauw Wind Ensemble, including one written by DePauw's Professor Donald White, one by

Schuller and one by Walter S. Hartley.

White will conduct his own composition, "Blue Lake Divertissement," which was commissioned by the Blue Lake Fine Arts Camp and received its premiere performance at the camp last August.

"Sinfonia No. 4," whose last two movements conclude in near-march proportions, was written by Walter Hartley, one of the country's most prolific young composers.

The evening's final selection is one of the Schuller's own, "Meditation." It underlines the fact that some band literature may be theme-less but still contain melodies, making full use of the remarkable sonority of the band medium.

After tonight's concert there will be a public reception for Schuller in the main lounge of the Memorial Student Union Building.

Tomorrow afternoon at 1:15 p.m. in Recital Hall of the music building Schuller will lead a discussion on contemporary music. The Festival's final concert is at 8:15 p.m. tomorrow, featuring the symphony orchestra and the university choirs. This concert will be given in Meharry Hall.

Two Arrests Reported By Police

Greencastle police reported the arrest of Donald Prather, 27, Roachdale, Route 1, at 12 a.m. this morning.

Prather was ticketed on East Washington Street for speeding in a posted zone.

Nancy J. Letham, 22, 244 Forest Lane, Palestine, Illinois, was also arrested by local officers Friday.

She was stopped on Locust Street and ticketed for having an expired registration plate.

Mrs. Jody Brush, (left) Mrs. Ellen Jane Hamm and Brenda Moore are keeping busy preparing decorations for the Elks ball to be held Saturday, April 20. Honored guests will include out-going exalted ruler Richard Asbell and in-coming exalted ruler Wally

Steele. The reception for the exalted rulers and past exalted rulers will begin at 6:30 p.m., followed by a dinner and dance at 7:30 p.m. Music will be provided by the Millstones. (Banner-Graphic Photo)

Community Center Program Proposed By Jaycees To Aid Youth In Trouble

A community center and a program to aid young people in trouble with the law are two projects to be promoted by the Greencastle Jaycees, David Young, president of the organization, told the local Optimist Club at their meeting yesterday noon.

Young, who formerly lived in Frankfort, told Optimists of a community center project which had operated well in that area. This facility, which has been open for a number of years, provides not only facilities for youth but for adults as well.

The second week in June has been set as kick-off time for the proposed center and the Jaycees plan that this will be a community project with members of all organizations participating.

In cooperation with Mrs. Mildred Hervey, Putnam County Probation Officer, Jaycees are planning "Project Aware," a program in which young people with drug, alcohol or related problems will see first hand what a prison experience can be like.

In "Project Aware," Jaycees take these young people

and their parents to the Federal penitentiary in Terre Haute where prisoners use themselves as examples of what could be in the future for delinquents.

Following a program, the youth are given an opportunity to rap with prisoners who can answer a most often asked question: "What does it feel like to be in prison?" These men who have been confined for a wide variety of offenses can tell the kids how to keep out.

Open House At Plaster Palace Set

Amy Hutcheson and Joyce Wells, the new owners of the Plaster Palace at 21 South Indiana Street, will have an open house Friday and Saturday, April 12 and 13 from 10 a.m.-5 p.m. They invite the public to stop in and meet them and see their new

expanded inventory.

Mrs. Hutcheson and Mrs. Wells have both taken an active interest in plaster crafts since the shop was first opened by Janet Calbert. They have also taken classes in these crafts and plan to give lessons at a later date.

"We're trying to offer a broader inventory of items used to make decorations to allow the customer to create whatever he or she likes," said Mrs. Hutcheson.

Mrs. Wells will be at the Plaster Palace on Mondays and Mrs. Hutcheson will be there Tuesdays, Thursdays, Fridays and Saturdays from 10 a.m. to 5 p.m. daily. They will be closed on Wednesdays.

They invite everyone to stop in this weekend for refreshments and to register for an unfinished plaster piece which the winner may choose to finish herself or may take lessons on finishing.

Good Friday Services Set As Area Marks Easter Celebration

The Community Good Friday service, to be held on April 12, at McNally Center Auditorium, at 8 p.m. will be led by nine area ministers.

The program will be based on the Crucifixion Narrative from the Gospel of Matthew. The congregation will be led in singing, prayer and meditation as the account is read in the continuing order of the story's unfolding by Matthew.

Those leading will be Morris Finch, First Christian; Barton Fletcher, Gobin Memorial United Methodist; Allan Harlan, St. Andrews Episcopal; Thomas Heinlein, Presbyterian; Elgin Smith, Sherwood Christian; Frank Smith, First Baptist; William Stinemann, St. Paul's Roman Catholic; Bill Stone, Greencastle Christian and Ronald Unger, Peace Lutheran.

The entire community is encouraged to attend this moving service of worship and reflection.

In other church news: The "Ainetheon Singers" Youth Choir of the Bethel, Ohio Church of Christ will present the contemporary Christian Musical "One Way" at "Christ's Chapel", Elm and Maple Streets on April 10, at 7:30 p.m. This service is sponsored by the Greencastle Christian Church.

This thirty-one voice choir comes from a very active church in the suburban Cincinnati area.

The theme of "One Way" is the struggle of modern college age young people to discover strength in the revelations of God. You will find the musical a moving spiritual experience that will draw your attention

away from the current world and focus it on the world to come.

Following the concert, the choir and their adult leaders, will be spending the night with families of the local congregation.

"You, and your family, are invited to make this program a highlight of your Easter Week," the church said.

The 6:30 a.m. Easter service at the First Christian Church is a drama entitled "He Is Not Here! He Is Risen." The traditional Easter drama is directed by James Poor.

Portraying Mary Magdalene is Debbie Wickert with Randy Kelly and Larry Myers portraying Peter and John respectively. Sandy Zeiner plays Mary, the mother of James with Jane Torr and Teresa Wallace acting as the Women at the Sepulchre. The Angels are Lauri Webb and Tracy Hampton with William Hammond, Key Myers, Fred Wall and Mark Hampton portraying Roman soldiers.

Assisting James Poor is Ted Glidewell and Gary Williams on light and sound and Emily Hampton with makeup and costumes. The Chancel Choir under Mrs. Evan Crawley will participate through choral readings, as well as, anthems.

Joining Pastor Morris Finch for the 10:45 worship service will be the Junior Choir. The morning message is entitled "He Is Risen—And Here!"

The Bainbridge Christian Church will begin its services for the Easter weekend with a Candlelight Communion service on Maunday Thursday.

Readers will present the

meditation and Don South will provide music in preparation for the solemn communion service. The community is invited to share in this 7:30 p.m. service.

On Friday, at 1:30 p.m., the Christian Church will host the Good Friday service in cooperation with the Bainbridge Methodist Church. The message for the afternoon will be shared by Rev. Ralph Finchum, Rev. Wilbur Day and Rev. Albert Harshbarger.

The joyous Sunrise service will be held at the Methodist Church at 6:30 a.m. on Easter Sunday morning. Rev. Wilbur Day will be in charge of the service and Rev. Ralph Finchum will deliver the Sunrise message.

The Christian Church Sunday School Department has planned an Easter Egg Hunt as part of the morning hour activities. Classes will convene promptly at 9:30 a.m.

Instead of the usual opening announcements, the Sunday School congregation will gather following the early class time and Easter Egg Hunt for awarding of prizes and for a closing service. "Please note the change in schedule," the church announced.

At the regular worship service, the Junior Choir will sing and the Adult Choir will join them in an Easter anthem. Rev. Ralph Finchum cordially invites the community to all of these special services.

Maundy Thursday will be observed at the Greencastle First Baptist Church on Judson Drive with a candlelight communion service at 7

Dear Editor:

We are now witnessing America's retreat into slavery. A few years after World War II Senator Joseph McCarthy wrote a book, "America's Retreat from Victory." In it he detailed how the United States of America, standing with military and economic supremacy at the end of that war, turned over the military and political victory we had won to the Communist slave masters of Europe and China. He noted that we had done this by international agreements made largely in secret by our President and our State Department in meetings which took place on foreign soil with Communist leaders at Yalta and Teheran.

Public reaction was favorable to Senator McCarthy until he began to investigate and then to name officials, high in our government, who had made treasonous and traitorous concessions to the Communists. Then all Hell broke loose. With frightening unanimity the President of the United States, many highly placed Senators and Congressmen and the news media turned their vituperative guns on Senator Joseph McCarthy and drove him to his death.

We should learn a lesson from this. The insiders who control the President, many members of Congress and the major news media like for us to be anti-Communist. But, they do not tolerate exposure of themselves nor of their minions in government who labor constantly to change the sovereign independent United States governed by its citizens into an interdependent section of Earth governed by these same insiders. Experience now shows

Board Hears Reports From Elementary Principals

Reports from elementary school principals were the main order of business when Larry Jones, vice president of the North Putnam School Board, took over the presiding duties for President John Ratcliff, in the latter's absence.

Sherill Alexander, prin-

icipal at Roachdale Elementary, and James Sharp, athletic director, gave a report on the revision of the elementary basketball policies concerning philosophies and organization.

The main point in the reorganization of the program is

that the first half of the season will be devoted to intramural games and the second half will be inter-school with a team of selected boys from each school. There will be a definite type of fundamentals to be taught in the program. The board approved this program revision.

Principal Ralph Lawter of Russellville reported on the revision of the modern math text for grades one through six for the 1974-75 school year. The board tabled any approval of this revision until next meeting in order to study the report in more detail.

The board also approved the experimental reading program in grades one through three at the Bainbridge Elementary School as reported on by Principal Elmer Whitaker. The purpose of the pro-

gram is to develop ability groups.

The proposal for the summer recreational program and the summer music program was also approved.

In final business, the North Putnam School Board approved the purchase of an additional bus chassis.

Take a second look at that 'loving friend'

By Abigail Van Buren

DEAR ABBY: As my husband and I were preparing to make a trip to Europe by air, one of my so-called dearest friends came to me and asked me if I would please get a \$50,000 airplane insurance policy naming her as the beneficiary. She said she would gladly pay for the insurance!

I was shocked to say the least. What do you think of such a suggestion from a supposedly loving friend? I'd really like your opinion. PEACHES

DEAR PEACHES: Let me put it this way: If this "loving friend" invited me to her home for dinner, I'd wonder who she was loving, and I'd also take a food-faster along.

DEAR ABBY: It's a cinch you've never been to Alaska, otherwise you never would have told that 45-year-old woman who was husband hunting to go there.

There are no extra marriageable men here, plus jobs are scarce and prices are double. You should have told her not to go to Alaska unless she had a round-trip ticket and plenty of money. She's too old to be a go-go dancer. ERMA IN ANCHORAGE

DEAR ABBY: A few months ago I was hospitalized for a heart condition, and upon release, my doctor told me I had to take it easy.

My son, his wife and their three very active young children are neighbors to us, and the children are here more than they are at home. They wear me out, but I can't bring myself to send them home.

My husband hired a housekeeper to help me the last few weeks, but my daughter-in-law has begun to "borrow" her, so once again I am alone with those undisciplined children.

My daughter-in-law is a good girl, and I'm sure she doesn't realize the toll the children take on me. She's also very sensitive. My son tried talking to her about letting the children spend so much time at my house unsupervised, but she ended up in tears, all upset, and the next day they were back.

How can I handle this without hurting anyone? I love them all very much. NAMELESS, OF COURSE

DEAR NAMELESS: First, tell your housekeeper that she is not to be "borrowed" by your daughter-in-law. Then tell your daughter-in-law to please quit commandeering your help—that you love her and the kiddies, but you aren't up to having them over unless she is there to discipline them. Don't worry about her ending up in tears. Better than that you ending up in a box—before your time.

CONFIDENTIAL TO WORRIED AND WAITING IN N.J.: The answer is YES! See a physician at once. And if you can't get an appointment immediately or can't afford one, contact your public health department and tell them what you have told me. And do not wait another day!

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Cal. 90212.

Sandy Ensor Hosts Circlettes Home Extension Club

The Circlettes Home Extension Club met at the home of Sandy Ensor for their March meeting. President Mavis Broadstreet opened the meeting with the thought of the month, the pledge to the flag and the Home-maker's Creed.

Rose Irving let the club members in singing "I Whistle A Happy Tune." The minutes were read by Sandy Ensor and stood approved as read. Roll call was answered by ten members and two guests, Bonnie Kenyon and Gay Lowe.

Reta Rannels gave the treasurer's report. The health

and safety lesson was given by Wanda Mason on plastic surgery. Mavis Broadstreet gave the lesson of "Priorities for Parents." President Broadstreet closed the meeting by having the club members repeat the Home-maker's Prayer.

During the social hour refreshments were served and the club members had a surprise baby shower for Julie Burns.

The next meeting will be held at the home of Mavis Broadstreet, April 9 at 7:30 p.m. The club members are asked to make and wear Easter bonnets for this meeting.

Left: Gigi, the Eppelheimer's French poodle, blends in with the black and white check motif of the den. A tiffany-style lamp casts a glow on Picasso prints and pottery fashioned by Mr. Eppelheimer.

Below: A koala bear makes his home on the brightly, flowered bedspread in Peggy Eppelheimer's bedroom. Wicker furniture and an old carnival make-up trunk complete the room's personality.

Eppelheimer Residence To Be Shown In June 5th House Tour

Mr. and Mrs. Robert Eppelheimer's house at 510 Crown Street combines the spacious charm of a fifty-year-old Dutch Colonial house with the elegance of modern decor. This house, which will be on the June 5 House Tour, was designed and built in the 1920's by H.C. Callendar, a Greencastle architect, as a model dwelling in a style then coming into favor. The Eppelheimers purchased the house some two years ago and have been restoring and renovating it ever since.

The frame structure was covered several years ago with aluminum siding which makes for economical maintenance. Suspecting that the original Crown Street brick sidewalk might still be in place, Mr. Eppelheimer dug and discovered that the walk was still intact. He rolled off sod about six inches thick and restored and the walk to usefulness.

The long living room is developed in traditional style with celery green used in the carpet, davenport, and antique satin tie-back curtains. A pair of red velvet Queen Anne chairs flank the fireplace, while a spinet piano fits into an alcove at the end of the room. The portraits of the Eppelheimer daughters, Sally and Peggy, painted by Mrs. Dodie Hecko, provide an interesting touch in the living room. Each portrait was painted when the subject was eleven years old. Other decorative features in this room include the figure of a large, white whippet dog and handsome needlepoint cushion made for the piano bench by Mrs. Eppelheimer's aunt.

The dining room is developed in Early American style. The wallpaper and fabric for the cafe curtains are companion patterns in red and green stripes. The table, chairs, and Welch dresser are in maple while the handmade Sampler chest from the Homer, Indiana collection is cherry.

The Eppelheimers completely modernized the kitchen using avocado appliances and cabinets. The walls have yellow checked paper and the blinds are avocado, while the cafe curtain and floor covering are avocado.

The downstairs bath room presents a spectacular appearance, created by the use of blue, brown and cream flowered companion paper and fabric in the shower curtain. The windows and rug are in compatible shades of blue.

Each room upstairs is an entity, developed around its own style and color scheme. Peggy's room is made gay with a yellow carpet chintz curtains and bedspread in a bright, flowered pattern, and a hooked throw rug made by Peggy. The bed and table are wicker. The armoire had yellow curtains over its glass doors. An old carnival make-up trunk, redecorated, holds Peggy's treasures and trash while the shadow box and other wall decorations reflect her interests. The window treatment is unique in that it

gives a short window the appearance of a very long window.

The guest room is developed in pale gold with touches of midnight blue. A chair rail separates the painted lower wall from the papered upper surface which is co-ordinated with the tie-back curtains, dust ruffle, and quilted counterpane in an Heirloom 1776 Waverly print. The center of interest here is the family's most prized antique, a doll's bureau about 24 inches high, which was a joy of Mrs. Eppelheimer's childhood,

though it was then some 50 years old.

The master bedroom is dominated by dual beds covered with one huge green-flowered bedspread. Printed polyester curtains with shirred valance treatment are done in a fabric matching the bedspread. Three walls are painted white; the fourth wall and the alcove are covered with handsome green and gold striped paper.

The den is a family hide-away and working area where Mr. Eppelheimer can relax and watch T.V. from a black and white checked sofa while

Mrs. Eppelheimer pursues her favorite hobby or sewing. Any look of gloom inspired by black and white walls decorated with copies of black and white Picasso prints is swept away by a Turkey-red carpet and red pillows on the sofa. In this room, as well as at other places in the house, a visito may see pottery fashioned by Mr. Eppelheimer.

Visitors will enjoy seeing in this house how renovation and redecoration can transform a "middle-aged" house into a comfortable home that is very much in step with "now."

Settling into the cozy Early American decor of the dining room is Mrs. Laura Dunham of St. Joseph, Mich. Mrs. Dunham

was visiting with the Eppelheimer's on the occasion of their elder daughter Sally's wedding on Saturday, April 6.

SPEAKING OF HAIR Styling

BY JANE WATSON

The chief causes of excessive loss of hair and premature baldness are improper nourishment, lack of the proper stimulation, poor blood circulation and infectious skin diseases.

This problem should be corrected at its root, so to speak, and also literally. For the part of the hair which lies below the skin, which involves its growth, must be revived and also proper stimulation of the blood supply to the scalp is essential.

Other treatments are also necessary, but these are the fundamental treatments with which to start to correct this hair problem.

All fundamentals and techniques of proper hair treatment are known and available at our salon, and by having experts care your hair you will always be sure of satisfactory results.

New Officers Installed At Meeting

The Putnam County Women's Republican Club was called to order by Mrs. Gertude Luther, vice president. A business session was held at which time it was decided to invite the Republican candidates who are on the ticket for the May primary to the next meeting. At this time a new voting machine will also be demonstrated.

New officers were then installed. They are: Mrs. Willie Williams, president; Mrs. Gertude Luther, vice president; Mrs. Opal Vaughn, treasurer; Mrs. Ida Mae Yuse, secretary.

The next meeting will be April 29 at 7:30 p.m. in the Greencastle Savings and Loan's basement room.

Junior Homemakers Meet

The 4-H Junior Homemakers of Northeast School met Wednesday, March 22 for their monthly meeting. The beginning of the meeting was devoted to playing hide the eraser before President Diane Hedrick called the meeting to order.

Mrs. Evans, one of the leaders, led the group in singing "We're on the Upper Trail". Lisa Rowings gave a demonstration on horses and Becky Smith showed how to make banana nut bread.

Junior leaders were introduced to the group. They are Sandy Zeiner and Sue Ross.

Refreshments were served by Kativa Arnold and Julie Johnson. Next meeting's refreshments will be brought by Tamra and Tresa Greeson.

Mr. and Mrs. William E. Etcheson Jr. of Roachdale wish to announce the engagement of their daughter Toni Lynn to Samuel Lee Lasley, Greencastle, son of Florence Lasley, Indianapolis and the late Fred E. Lasley.

Miss Etcheson is a 1970 graduate of North Putnam High School and attended Ball State University. She is employed at the Indiana State Farm.

Mr. Lasley graduated from North Putnam High School in 1970 and is currently attending IUPUI. He is employed as a correctional officer at the Indiana State Farm.

A June 8 wedding has been chosen. The wedding will be at Roachdale Christian Church.

Smiling Clovers Hold First Meeting

The first meeting of the Smiling Clovers took place at the Greencastle Christian Church, Wednesday, March 27. The first order of business was the election of officers.

They are as follows: Tammy Inman, president; Beth Hampton, vice president; Robin Friend, secretary; Michelle Cline, treasurer; Lori Taylor, news reporter; Stephanie Hytin and Natalie

Robertson, health and safety; Cindy Allee and Karen Delp, recreation; Joetta Amers and Dana Twigg, song leaders; Myra Brown, Katrina Priest, Janet Smith and Cathy Delp, junior leaders; Maxine Williams, adult leader.

Part of the 4-H books were passed out. Dues are 10¢ per meeting and meetings will be every two weeks on a Wednesday.

Opening lead — three of clubs.

There are some plays a declarer makes that appear highly bizarre, but when these odd-looking plays are later studied they often prove to be well-founded and, in some cases, absolutely essential.

For a striking example, consider this deal where West led his singleton club, dummy playing the deuce, East the seven and South the ace.

Declarer played a spade to the king, losing to the ace. Back came the queen of clubs from East. It was at this point that South showed his mettle by playing the five instead of the king.

As a result, he made the contract. When East continued with the nine of clubs, South followed low and West ruffed, but that was essentially the end of the hand. Declarer's only losers proved to be a spade, a club and a club ruff.

Now let's go back to trick three and see what would have happened had South played the king of clubs on the queen, which would seem to be the normal thing to do. In that event, South would have finished down one — he would have lost a spade, a club ruff and two more club tricks.

It is easy to prove that ducking the queen of clubs is the right play. South cannot go down if he ducks the queen, regardless of how the clubs are divided, but he can go down if he covers the queen with the king and it turns out that the opening lead was a singleton.

Since making the contract is always declarer's first consideration, it must be right to duck the queen at trick three. There is everything to gain and nothing to lose.

Nixon Inks New Minimum Wage

WASHINGTON (AP)—President Nixon has signed into law legislation boosting the minimum wage to \$2 an hour May 1, calling it "a matter of justice that can no longer be fairly delayed."

The increase — the first in the federal pay floor since 1967 — extends coverage to 7.4 million additional workers and will bring the total under the act to 56 million. Under the bill, the minimum wage for most workers will go to \$2.30 Jan. 1, 1975.

Nixon, who six months ago vetoed as inflationary a nearly identical bill, said he still had reservations about the measure.

"On the whole, (the bill) contains more good than bad, and I have concluded that the best interests of the American

people will be served by signing it into law," Nixon said in a written statement.

"Although I have some reservations about portions of this legislation, its basic purpose — to increase the minimum wage for working men and women of this country — deserves the support of all Americans," Nixon said in his statement.

The AFL-CIO, which lobbied hard for the minimum wage increase, noted Nixon's veto last year and said it was regrettable that it took the President "six months to decide American employers should treat their worst-paid workers with some measure of decency."

The law raises the present minimum wage from \$1.60 to \$2 an hour May 1, to \$2.10 on Jan. 1, 1975 and \$2.30 on Jan. 1, 1976.

The minimum wage for farm workers, now with a \$1.30 floor, will increase to \$1.60 on May 1 and reach \$2.30 Jan. 1, 1978.

About one million domestic workers who work more than eight hours a week will be covered under the minimum wage law for the first time, along with about six million federal, state and local government employees.

Nixon said the new wage schedule fits his criteria for "reasonable increases."

But he added that Congress did not go as far as he wanted in protecting the training and work opportunities for youth.

Under the measure, full-time students may be employed for no more than 20 hours a week at 85 per cent of the regular wage floor.

Widespread Damage As... Tornadoes Strike Again

By The Associated Press

Tornadoes have struck again at four Southern states, killing one person and injuring more than two dozen. Widespread damage was reported.

The twisters hit sections of Georgia, Tennessee, Alabama and South Carolina on Monday, less than a week after a savage outbreak of tornadoes which claimed more than 300 lives in 11 states and Canada.

Sandra L. Sell, 23, was killed and her husband and two children were injured when a tornado smashed their mobile home at Lester, in southwest Georgia.

The National Weather Service said it may have been the same tornado that then hit seven other communities in a 100-mile march from west to east.

The Alapaha, Ga., police station was blown over by a twister, and five other persons were injured.

Extensive property damage was reported in Anderson County, S.C., where several mobile homes were overturned and a house was ripped from its foundation.

A twister skipped through the York County, S.C., town of Fort Mill, uprooting trees, damaging a grocery and overturning two mobile homes. Police said there were no injuries.

Eight persons were treated at hospitals and released after a tornado struck the northern part of Gainesville, Ga. Several homes and businesses were damaged.

A tornado also slashed into Athens in southeast Tennessee, damaging eight businesses, 15 cars, 10 homes and a school. Only minor injuries were reported.

Another tornado struck Tarrington, Tenn., lifting a house off its foundation and setting it down in an adjacent field. There were no injuries.

Lexington, in West Tennessee, also was hit. Several businesses and homes damaged. One injury was reported.

In the Midwest, strong northeasterly winds pushed Lake Erie waters over shorelines Monday, sending hundreds of residents scurrying for safety.

Flooding was reported at

Port Clinton and in the Toledo area in Ohio and in Monroe County, Mich., north of Toledo.

The death toll from last week's tornadoes stands at 317.

The American Red Cross said a survey of areas hit by the tornadoes last week showed 21,451 dwelling, mobile homes, farm buildings and small businesses were damaged or destroyed.

It said 3,770 persons were injured and that of these 1,117 required hospitalization.

Post Publishes Despite Strike Over Wages

WASHINGTON (AP) — The Washington Post was published today despite a strike over wages by about 900 of its reporters, photographers, editors and commercial employees.

Today's 76-page edition was normal-sized but came out about an hour later than usual Monday night.

In New York, editorial employees of the United Press International who have been on strike for more than three weeks voted to reject a new contract proposal. However, the Wire Service Guild afterward recommended acceptance, saying "the 57.8 per cent rejection vote is not sufficient at the bargaining table to win greater improvements in the contract."

A new vote was to be taken today.

Disruption of The Post's regular operation was lessened because of an agreement by the striking Washington-Baltimore Newspaper Guild not to set up a picket line or to interfere in any way with members of other unions. The strategy was intended to impose economic sanctions on The Post while protecting craft-union members from the possible introduction of automated equipment while they honored picket lines, the guild said.

The strike began at an announced 4 p.m. EDT Monday deadline after negotiators failed to reach agreement on a new contract.

Both sides agreed to resume negotiations at 10 a.m. today.

Snow Adds To Problems In Tornado Areas

By The Associated Press
A surprise snowstorm heaped more woe on Indiana tornado victims Monday, halting airlifts of medical supplies and other vital materials.

The spring storm, packing gusty winds, dumped up to eight inches of snow in isolated pockets of east central Indiana. The National Weather Service said three inches fell at Richmond, temporarily closing a section of Interstate 70. Indianapolis had two inches of snow while northern stations reported a trace. Evansville reported an inch of rain.

The weather grounded National Guard and Civil Air Patrol air missions to communities ravaged by last Wednesday's tornadoes which left 43 persons dead and two missing.

In Monticello, one of the heaviest hit communities, guardsmen reported heavy snowfall. Freezing rain hampered relief efforts in Madison, another area of major destruction.

Lt. Col. Robert Sharp of the National Guard said guardsmen in devastated northern communities asked for cold weather equipment because they had to take cover from snow.

Gov. Otis R. Bowen announced Monday that the Office of Economic Opportunity had approved his request for \$1.4 million to aid disaster victims. The money will be distributed to community action agencies such as the Red Cross.

The Department of Health, Education and Welfare has allocated more than \$700,000 to help meet public health needs of tornado victims. Dr. William Paynter, state health commissioner, said officials monitoring conditions in stricken communities report no serious health hazards.

Paynter's staff has been inspecting food, water and sewage treatment facilities for possible contamination.

Bowen said he hoped all of the field disaster assistance centers would be in operation by today. They are in Monticello, Madison, Rochester, Angola, New Albany, New Castle and Tell City.

Both Bowen and Lt. Gov. Robert D. Orr praised the spirit of Hoosiers who have come to the aid of disaster victims with donations and a helping hand in cleaning up and rebuilding.

The response has been statewide, not just from the devastated areas, the governor said.

"This is so typical of the Hoosier people," Orr commented. "Everywhere I've gone people have shown up, not just from the disaster areas but from all over, to be helpful."

State police and the National Guard said looting has not been a serious problem. Many affected counties report no instances of looting.

However, there have been reports of bogus or high-priced repairmen operating in tornado-damaged areas along with persons misrepresenting agencies trying to assist victims.

A Red Cross spokesman said it has received reports of persons telling disaster victims they will sell them clothes or food from the Red Cross.

"The Red Cross donates gifts to the American people from the American people," the spokesman said, adding that anyone asking for money for food or clothing should be reported to the nearest Red Cross chapter immediately.

U.N. Sets Sights On New Issue After Dealing With Mid-East

By GENE KRAMER
Associated Press Writer
UNITED NATIONS N.Y.

(AP) — The United Nations turns today to a special General Assembly session on raw materials and development after the Security Council extended the life of the U.N. peacekeeping force in the Middle East for six months.

The 15-nation council voted 13 to 0 late Monday to continue until Oct. 24 the multinational buffer army dispatched to the Suez front last October. China and Iraq, who disapprove of the force, did not vote.

The Council's action cleared the decks for three weeks of U.N. debate on the gap between rich and poor nations.

Secretary of State Henry A. Kissinger is expected to speak next week.

Taking a lesson from the oil-

exporting nations, 96 developing countries have banded together to press the industrialized nations at the session for a larger share of the profits from the raw materials poor nations export.

The Shah of Iran messaged Secretary-General Kurt Waldheim that "the time has now come" for strong new efforts to close the gap between developed and developing countries.

Iran is to announce to the session that the oil-exporting countries have agreed to set up a fund to make long-term, low-interest loans to the poor countries for development projects and is expected to urge industrialized nations to join them.

An Iranian official said Sunday that his government would contribute one per cent of its oil revenue, or \$150 million a year at present.

The Security Council vote on the Middle East peace force had been postponed for a week by a U.S.-Soviet deadlock over Israel's refusal to permit troops from countries not recognizing Israel behind the Israeli lines in the Sinai desert.

Israel did not back down, but the council in a compromise resolution "noted with satisfaction" that Waldheim regarded the problem of equal access for peacekeeping troops as an urgent one and was trying to solve it.

Soviet Ambassador Jacob Malik accused Israel of "reducing the effectiveness" of the peacekeeping force by barring troops from Indonesia, Senegal, Poland and Ghana.

Malik warned against the force exceeding its \$5 million monthly budget or its authority

and suggested if the cost is exceeded because of an Israeli ban on some troops, Israel should pick up the tab.

The force on April 1 had 6,788 soldiers from 12 countries: Austria, Canada, Finland, Ghana, Indonesia, Ireland, Nepal, Panama, Peru, Poland, Senegal and Sweden.

Biologists in Iceland say sunspots adversely affect the spawning of codfish.

Ice skating's origins go back at least 5,000 years. Archaeologists have found animals' bones apparently used as skates during the Bronze Age in Pannonia, an area that is now in Hungary and Yugoslavia.

Hydrogen is the lightest of all gases.

Farmers Get 57% Increase

WEST LAFAYETTE Ind. (AP)—Indiana farmers received a record \$2.9 billion dollars for their products in 1973, a 57 per cent increase over the previous year.

In addition to the \$2.9 million for sales of crops, livestock and livestock products, Hoosiers received \$76 million in government farm program payments last year.

Purdue University agriculture statisticians also reported Indiana moved up two places to eighth in the nation in total cash receipts from farm marketing. California tops the list.

Average realized gross income was \$29,006 per Indiana farm last year, compared with \$19,661 in 1972. Realized net income per farm was \$11,111 last year, \$5,035 more than the 1972 average.

Spring field work to date isn't as rosy a picture, Earl L. Park, Purdue agriculture statistician, said. Less than half a day was suitable for field work last

week because of wet soils, he said.

Topsoil moisture was rated surplus while subsoil moisture was considered adequate to mostly surplus.

Park said that despite a setback to overwintering crops by the recent hard freeze, vegetative development is considered one day ahead of normal.

He noted the cold period hurt peach crops and less than 20 per cent of the buds are assessed as alive. Hardest hit was central and southern Indiana.

FAT IS DANGEROUS TO BABIES' HEALTH

DUBLIN (AP)—Fat babies are a problem of modern society, say doctors at St. James Hospital in Dublin. They have a greater tendency to infections of the upper respiratory tract, like pneumonia. They are more likely than thin children to have stomach troubles like enteritis and appendicitis.

WORRY CLINIC

By George W. Crane, Ph.D., M.D.

Marsha wonders if the typical June-December romance is based on true love. Or other selfish motives. And she asks why some girls seem turned off by young suitors of their own age but are attracted to men much older.

CASE A-603: Marsha D., aged 18, wonders why some girls prefer to marry much older men.

"Dr. Crane," she said, "didn't Bing Crosby turn pick as his second wife a woman young enough to be his daughter?"

"And I have seen several cases where the college girls married men who were 45 to 50."

"Is it just because they crave the money or fame of such older men?"

"Or do some young women have an instinctive craving for a much older mate?"

JUNE-DECEMBER
The marriage of a coed to a man old enough to be her father is often described as a June-December romance.

Bing Crosby was 53 when he married young Kathryn Lang, and as far as I have heard, they are very happy. But Bing was youthful in his outlook and activities, while Kathryn was more mature than many girls of her age.

And Bing is a smart psychologist who "leans" upon his wife for help, advice and cooperation, thus making her feel important.

Many a young couple break up because the husband doesn't lean upon his wife enough and make her feel a vital partner in his business or professional success.

Some girls, too, have an ingrained fondness for older men. Why?

Well, most girls have their first romance with a man 25 to 30 years their senior — their daddy!

So if such a little girl is the apple of her father's eye, and receives his love and affection all during childhood, she may subconsciously be "conditioned" to love an older man when she becomes a high school or college coed.

Such girls often find their male classmates unduly juvenile and immature.

The same "conditioning" often occurs when a girl like Marsha becomes a secretary, nurse or dental assistant to an older man.

His more mature judgments and executive

power resurrect some of her earlier devotion to her daddy.

Moreover, the older employer relies on his assistant and this makes her feel important.

If he happens to invite her to dinner or the theater, his more diplomatic ardor may contrast vividly with the impetuous love of a boy on a motorcycle, who may be her own age.

Older men, too, have usually acquired more understanding of female psychology.

So they can employ the erotic philosophy of Roman Seneca, whose advice to a young fellow on how to win a girl was:

"Go to the archer. See how he handles the bow."

"With one hand he pushes it away but with the other he pulls it back to him."

In modern parlance, that means "Keep 'em guessing!"

Older men thus are likely to be more adroit in their love making.

"A young man," said a recent divorcee, "stresses quantity, so he will kiss me many times."

An older and experienced man kisses fewer times but prolongs the kiss and embrace till a girl begins to respond to his physical magnetism.

In this age of inflation, many girls also realize that if they wish to marry and have children, they'll need a man with a good income if they are to stay at home with their kiddies.

And this often requires that a man have a 10-year head start in the business or professional world.

BRAVES' SWITCHBOARD FLOODED ...

RUTH'S GHOST LEFT BEHIND

ATLANTA (AP)—Henry Aaron slept late today while thousands of telegrams and phone calls poured into his office congratulating his becoming baseball's all-time home run king Monday night when he hit his 715th.

"I feel I can relax. I feel my teammates can relax and I think I can have a great season," the 40-year-old Atlanta Braves slugger said after leaving behind the ghost of the great Babe Ruth with his two-run, fourth-inning blast off left-hander Al Downing of the Los Angeles Dodgers.

Apparently Aaron was doing just that today—relaxing.

His secretary, Carla Kaplan, reported: "He said he would phone us when he woke up. We don't want to disturb him."

Meanwhile, she said Western Union was delivering 1,000 telegrams, and more were coming. The Braves' switchboard was jammed with phone calls "from just everywhere."

The icy-nerved veteran of 20 major league campaigns became the game's all-time home run king the same way he had ended his chase of the legendary Ruth with his record-tying 714th homer on opening day—by hitting out the first pitch he swung at in the game.

The historic shot triggered 11 minutes of bedlam in Atlanta Stadium as a standing room only crowd of 53,775 cheered the soft-spoken Alabama native who claimed baseball's most cherished record.

A call of congratulations came from President Nixon while the famous No. 44 was still in the game. Baseball Commissioner Bowie Kuhn, who ordered the Braves to play Aaron in Cincinnati Sunday called him "one of the greatest we have ever seen."

"If God didn't see fit for me to hit the home run here, then I would have hit it somewhere else," Aaron said at a post-game news conference.

"This would have to be my top thrill in baseball," said the man who holds more than a dozen major league records.

"It wasn't one of my better ones, but the wind helped to carry it," he said. "I hit it fairly good. It was a fast ball. It was inside, but I think he wanted it further inside. He just hung it a little."

Downing, a 13-year-veteran who had yielded only two other homers to Aaron, left the game after walking the next two hitters following Hammerin' Hank's blast that drew the Braves even at 3-3. Atlanta went on to win the game 7-4.

The Dodger hurler vanished from the ball park, leaving behind only a tape-recorded message in which he said, "Like a great hitter, when he picks his pitch, he's pretty certain that's the pitch he's looking for and chances are he's going to hit it pretty good."

CLEVELAND (AP) — "I

wish I could have been there, but I'm thrilled for him," Baseball Commissioner Bowie Kuhn said, after Hank Aaron became baseball's new home run king.

Kuhn was here attending a dinner at Cleveland's Stadium Club. The Indians were to open their home season today against the Milwaukee Brewers, but snow forced a postponement until Wednesday.

Aaron belted No. 715, breaking Babe Ruth's mark Monday night in Atlanta and when Monte Irvin, the commissioner's representative, presented the slugger with a watch from the commissioner's office the crowd booed.

"I wouldn't want to comment on that," Kuhn said. The commissioner was involved in the controversy over where Aaron would set the record.

After Aaron tied the mark at 714 on opening day in Cincinnati, the Braves management announced that Aaron would not play until the Braves re-

turned to Atlanta so the home fans would have a chance to see him break the record.

Kuhn ordered the club to play Aaron two out of every three games like he played last season. Kuhn said he would discipline the Atlanta club if his orders weren't followed.

"He Completely Crushed Us": Brown

Artis Gilmore Does It All For Ky.

By ANDY LIPPMAN
AP Sports Writer

Wise, held in check through three periods, came alive in the final period, hitting three quick

baskets to help Utah pull away. The Q's were not able to play Coach Wilt Chamberlain, after

being refused earlier Monday by a Los Angeles court in their attempt to overturn an in-

junction that prevents the former Los Angeles Laker star from playing.

It was easy to describe Artis Gilmore's performance in the American Basketball Association playoffs between Kentucky and Carolina.

"He completely crushed us," said Carolina Coach Larry Brown after the Colonel center had posted the coup de grace by scoring 33 points in Kentucky's 128-119 Monday night victory over Carolina.

The victory moved the Colonels into the ABA semifinals against the New York Nets, who finished their playoff series with Virginia in five games by winning 108-96.

The Utah Stars finished their playoff series with San Diego, defeating the Q's 110-99 for a four games to two edge.

Gilmore, who finished the four-game sweep with 119 points, was dominating off the backboards. Gilmore finished the game with 20 rebounds and the 7-foot-2 pivot man, who hit 14 of his 20 shots from the field, also blocked three shots.

The Colonels, trailing most of the first half, surged ahead just before intermission and roared to a 20-point lead midway through the fourth quarter.

Mac Calvin led Carolina with 31 points while Ted McClain added 23.

"We played tough, really tough," said Colonels Coach Babe McCarthy. "The Cougars were hungry but when they get behind they tend to press a bit and that helped us."

"The main thing now, of course, is we'll have to stop Dr. J."

Nets 108, Squires 96

Dr. J., otherwise known as Julius Erving, had only an average day—for him—in the final game against the Squires.

Erving scored 21, but it was Brian Taylor who came alive in the second half, scoring 18 points after the intermission and igniting a third-period scoring burst which gave New York the lead.

Jim Eakins topped Virginia with 36 points and 21 rebounds, while Larry Kenon led the Nets with 22 points.

Stars 110, Q's 99

Veteran forward Willie Wise scored 21 points, 11 in the final period, to advance Utah into a second-round playoff date with either the Indiana Pacers or the San Antonio Spurs.

Downing Left Tape

By TOM SALADINO
AP Sports Writer

ATLANTA (AP)—Al Downing vanished quickly into the Atlanta night, leaving but a brief tape-recorded message in his wake after surrendering the historic shot.

Reporters rushed to the Los Angeles Dodgers clubhouse Monday night at the end of the National League game in which Henry Aaron slammed one of Downing's fastballs 400 feet away for No. 715, but the little left-hander was nowhere to be found.

"Downing left 10 minutes ago in a taxi cab," said the visiting clubhouse man Mark Gladolich. "I don't know where he is," said Los Angeles Manager Walter Alston. "He's probably going to get something to eat then go back to the hotel."

But the 32-year-old journeyman pitcher of 13 major league seasons did tape a brief interview shortly after he was knocked out of the box in the fourth inning when Aaron connected for his 715th homer.

The two-run homer keyed a four-run inning as the Braves went on to a 7-4 victory before a record Atlanta Stadium crowd of 53,775 and a national television audience. The home run, on a 1-0 pitch, came at 9:07 p.m. EDT.

Downing, who went into the dugout during the respite, promptly walked the next two batters and was removed from

the contest.

"It was a fast ball, right down the middle of the upper part of the plate," he said of the blast.

"I was trying to get it down to him but I didn't get it down, and he hit it good, as he would. I didn't have good control, when I got behind him, I was just trying to get the ball up. It didn't bother me though."

Joe Ferguson, the Dodgers catcher, said he asked Aaron his first time up if he could concentrate and Aaron replied, "Not too good."

But he certainly did his second time up after drawing a walk in his first plate appearance.

The pitch landed in Atlanta relief pitcher Tom House's glove after it cleared the left-center field fence.

"That's the highlight of my career," said House. "It's something I can tell my grandchildren when I get old."

Bill Buckner, the Dodger left-fielder who made an acrobatic leap which fell some 20 feet short, said in admiration of Aaron:

"It seems like he can hit a home run anytime he wants to. The only thing that brightened up the game was Henry's home run. The noise from the crowd was super loud. It was the loudest applause I've ever heard."

"Every time he hits another homer, he'll be setting a new record," said Braves Manager Eddie Mathews.

Dave Johnson, the Braves second baseman, whose locker adjoins Aaron's, felt it was just typical of the superstar:

"The first chance he got he did it. Boom. All the hubbub and he did it the first time he swung. Just like he hit 714 in Cincinnati."

It Was Fun, But Back To Earth
ATLANTA (AP)—"It was a stirring moment, but now they can get back to playing baseball," an Atlanta fan said after Henry Aaron slugged the record-breaking 715th home run of his career Monday night.

"I'm like him, I'm glad it's over with," said Terry Tucker of Newnan, who took his three young sons with him to witness the historic event.

Every time Aaron's name was mentioned, in pregame ceremonies and after the contest began, the sellout crowd of more than 53,000 gave him a standing ovation.

Evangelist Graham Denies Asking For Help In Tax Matters

MONTREAL N.C. (AP) — Evangelist Billy Graham has denied asking for or receiving White House help in federal income tax matters.

"I have never requested any help from the White House on my tax audit," Graham said Monday night in a telephone interview from his home in Montreal.

"Secondly, I have never received any help," said Graham, a supporter of President Nixon in his presidential campaigns, responded to a weekend statement by Sen. Lowell P. Weicker, R-Conn.

Weicker said Graham, actor John Wayne and other "White House friends" had been protected after the Internal Revenue Service had begun audits on them.

Wayne also has denied ever receiving any IRS favors.

"I never needed any help," said Graham. "Everything my wife and I have is in a trust in a bank. They pay all my bills and make out my tax returns."

He said he has asked the IRS to perform routine audits of his books every year, but has had no reply.

"At this point, I agree with what Sen. Weicker is trying to do," said the Baptist minister. "I think he's just trying to prove a point."
